

# Educational Environments

Arkana Education offers a variety of educational environments to better meet students' needs. All platforms are planned and structured based on the ministry and the school requirements

## 1. Online

Study anywhere, and anytime. With Arkana online courses you can study while traveling, or working. Flexible schedule and planning are determined within this platform.

## 2. Virtual

Virtual classes are scheduled live lessons prepared and performed by Arkana teachers. Virtual classes can be done in private, semi-private or group classes.

## 3. In-Class

In-class courses are offered through Arkana campus in Toronto. In-Class lessons can be done in private, semi-private or group classes.

## 4. Blended Learning (Virtual/In-Class+Online)

Blended learning platform is a mix platform of either virtual or in-class sessions and online courses. This method gives students both flexibility of online courses and the benefit of virtual or in-class sessions.

★ In-Class and Virtual classes can be performed in private (one to one), semi-private (2 or 3 students), or group classes (4 or more students) if available

★ Tutoring and extra support are available for all classes
